

low chlorine

3in1 Low Chlorine Pool Check™ has been specially designed for users who run alternative sanitizer systems that require low levels of chlorine. Engineered using our patented aperture design, 3in1 Low Chlorine Pool Check™ fills the gap where other test strips leave off.

Test Procedure:

Simply dip one test strip into your pool or spa for **10 seconds** with a gentle back-and-forth motion. Remove the strip and shake once, briskly to remove excess water. **Wait 10 seconds** for colors to develop. Compare test pads with color chart on the bottle **within the next 30 seconds** for best results.

Detection Range:

Free Chlorine: 0, 0.1, 0.25, 0.5, 1, 3, 6, 10 ppm

Total Alkalinity: 0, 40, 80, 120, 180, 240, 360, 720 ppm

pH: 6.0, 6.4, 6.8, 7.2, 7.6, 7.8, 8.2, 9.0

Packaging:

Bottle of 50 test strips
