

NP-EVECB

Replacement Filters

Made in the USA 

Enhance the flavor and consistency of your fountain beverages with neoPure™ NP-EVE7CB replacement filters. Designed to deliver cleaner, better-tasting drinks, this filter helps maintain carbonation for a crisp, refreshing pour every time.

Using high-performance carbon block technology, the NP-EVE7CB effectively reduces chlorine, dirt, and sediment down to 5 microns, enhancing both taste and clarity. The NP-EVE7CB-S delivers the same reliable filtration performance with the added benefit of reducing scale, helping protect equipment and maintain consistent beverage quality.

Key Benefits:

- Improves taste, clarity, and overall beverage quality
- Helps retain carbonation for consistently great fountain drinks
- Carbon block technology filters particles as small as 5 microns
- Reduces chlorine, off-tastes, and odors
- Supports reliable beverage system performance

Tested and Certified

These filters have been tested and certified by NSF International against NSF/ANSI Standard 42 for the reduction of Chlorine, Taste and Odor.
