

5 in 1 check

5in1 Pool Check™ is the only complete source for pool & spa testing that you will ever need. Measuring for 5 of the most important pool & spa parameters, 5in1 Pool Check™ is ideally suited for the demanding pool & spa owner who is concerned with proper pool & spa maintenance.

Test Procedure:

Simply dip one test strip into your pool or spa for **5 seconds** with a gentle back-and-forth motion. Remove the strip and shake once, briskly to remove excess water. **Wait 15 seconds** for colors to develop. Compare test pads with color chart on the bottle **within the next 30 seconds** for best results.

Detection Range:

Free Chlorine/Bromine: 0, 0.5/1, 1/2, 3/6, 5/10, 10/20 ppm

Total Chlorine/Total Bromine: 0, 0.5, 1, 3, 5, 10 ppm

Total Alkalinity: 0, 40, 80, 120, 180, 240 ppm

pH: 6.4, 6.8, 7.2, 7.6, 8.2, 9.0

Total Hardness: 0, 50, 120, 200, 400, 1000 ppm
