

POOL & SPA FILTERS

neo·PURE[®]
Filtration Products

STANDARD FEATURES:

- Pleated polyester filter media with trilobal fibers allows for 21-40% greater surface area when compared to other materials, increasing the efficiency of the filter without sacrificing pressure drop – all leading to less filter cleaning.
- Reinforced end caps and ABS injection molded center core made with NSF certified material to support safety, strength, and flow
- Bands keep pleats evenly spaced
- Cleanable and Reusable
