

3 in 1 check

3in1 Pool Check™ offers the user more than just another test strip; it offers accurate results that you can rely on. 3in1 Pool Check™ has been specially designed to work in both pools & spas, both chlorine systems & bromine systems. Economically priced, 3in1 Pool Check™ is the ideal choice for the average pool or spa owner.

Test Procedure:

Simply dip one test strip into your pool or spa for **5 seconds** with a gentle back-and-forth motion. Remove the strip and shake once, briskly to remove excess water. **Wait 15 seconds** for colors to develop. Compare test pads with color chart on the bottle **within the next 30 seconds** for best results.

Detection Range:

Free Chlorine:	0, 0.5, 1, 3, 5, 10, 20 ppm
Bromine:	0, 1, 2, 6, 10, 20, 40 ppm
Total Alkalinity:	0, 40, 80, 120, 180, 240, 360 ppm
pH:	6.0, 6.4, 6.8, 7.2, 7.6, 8.2, 9.0
