VESSELS & ACCESSORIES

PVC U-Pin Vessels 150 PSI

Features

4000P Series

4.0" internal diameter

150 PSI Work Pressure

**-IDEAL FOR TODAY'S ULTRA-LOW PRESSURE MEMBRANE APPLICATIONS-
WE RECOMMEND MATCHING WITH HCTI XLP (100 PSI) MEMBRANE SERIES**

- Maximum separation between permeate port and feed/concentrate port allow the use of large fittings.
- 4" standard sizes include 14", 21", 40" and 80".
- Other lengths available upon request.
- Ethylene propylene FDA approved "O" rings.
- White PVC housing, NSF approved.
- Sturdy PVC collars.
- Flush mount easy aligning PVC end plugs make fitting installation effortless.
