

EZ Angle Stop Adapters

G.A. Murdock's line of EZ Angle Stop Adapters are the simplest way to connect any water-using appliance from icemakers to POU equipment to OCS equipment.

The EZ Angle Stop Adapter has the following features:

- All plastic design eliminates corrosion
- Constructed of chemical resistant Polypropylene.
- Mur-lok® Fitting for quick installation
- Easily attaches to 3/8" Angle Stop & Flexible Supply Tube
- High chemical resistance
