

Neoprene Tank Jacket

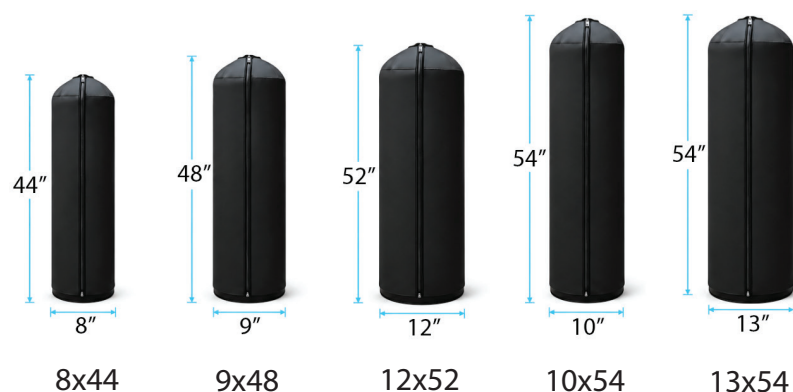

neoShield™ Neoprene Tank Jackets provide all-season protection for water softener and filter tanks. Made from durable, high-density black neoprene, the jacket helps prevent condensation and tank sweating while protecting against UV exposure and outdoor elements.

Features:

- **Moisture, UV & Weather Protection:** Prevents condensation and tank sweating while shielding against sunlight and outdoor elements to extend service life.
- **Durable Construction:** Thick, high-density material resists wear, moisture, and environmental damage.
- **Easy Installation:** Full-length zipper allows quick install or removal without disconnecting plumbing.
- **Reusable & Clean Look:** Flexible, machine-washable design with a smooth black finish for a professional appearance.
