LX SERIES INDUSTRIAL DEPTH FILTERS

LIQUATEC LX SERIES INDUSTRIAL DEPTH FILTERS

Ensure purity, reliability and consistent results. They are made of thermally bonded micro fibers that help create a strong filter cartridge that trap particle throughout its depth. Liquatec LX Series filters are truly high performance cartridges, which combine performance, efficiency, long life and purity so you can have the best performing filter on the market.

LIQUATEC LX SERIES INDUSTRIAL DEPTH FILTERS

Are true-graded to capture particles throughout the entire filter depth. High dirt-holding capacity equals longer life and fewer changeouts.
