AQT-56 DIY SERIES

SOFTENING AND FILTER SYSTEMS

Aquatrol "DIY Series" softeners and conditioners come with everything needed to assemble. These units utilize our AQT-56 series valves in multiple configurations for almost every residential application.

The BT-1633-100S square brine tank is complimented with the system to help safe space. We include the by-pass valve (plastic) and all necessary items needed for assembly. The Aquatrol valve carries a 5 year warranty and the mineral tank is warrantied for a period of 10 years.

The AQT-DIY series systems ship in 2 boxes and are available for drop shipping purposes to residential areas and can also be combined on pallets for multiple shipments.
